

PRINCE EDWARD
FAMILY HEALTH TEAM

Creation of a Custom Medication List in the
EMR -
Fewer clicks mean safer prescribing

The bottom line - first

- Get to know your EMR
- Don't underestimate the value of your contributions, no matter how small!

Identify a need...

- Xwave EMR uses Medi-span database
- Looking up in the Reference List is cumbersome
- Any user can create a Custom List
- Add pre-defined instructions, quantities
- Respond to prescriber feedback
